Dreams or nightmares?

17 July, 2014

Panel markets hit another rough patch in early 2014. The question is whether this was due to the severe winter weather in parts of North America, or to structural impediments to growth. Bernard Fuller, of Cambridge Forest Products Associates, sets out to answer this question

Germany-based surfaces supplier to the furniture and retail industries AV Group has invested in Kleiberit HotCoating Technology for the production of high gloss surfaces.

AV Group is producing the Kleiberit HighGloss panels with a half-sized 1.2m wide HotCoating line.

The line is designed to upgrade melamine faced MDF and particleboard with high resistant and mirror-like or supermatte decorative layers.

AV Group is marketing the new products under the brand name Pure Diamond Gloss to furniture manufacturers, as well as producers of interior fittings.
