

to Whom It May Concern

Reorganization delivery structure

we reorganize the delivery structure of raw materials and packaging supplies with our external warehouses. Our target is to focus all deliveries from suppliers to our external warehousing partner, Spedition DACHSER in Malsch/Germany, as of the date mentioned above.

Therefore, we herewith inform you about the new loading/unloading procedures at Spedition DACHSER in Malsch.

Timeslot Booking System

A timeslot booking system for the DACHSER location in Malsch/Germany (Thomas-Dachser-Straße 1 in 76316 Malsch) will be implemented, and you will have to book all upcoming loading/unloading of your transportation vehicles at DACHSER Karlsruhe with this system.

To do so, please register/log-in at our partner CARGOCLIX using the following web link:
www.cargoclix.com/dachser-karlsruhe

Your advantages will be:

- vehicles have no or shorter waiting times
- better planning reliability
- possible to check your vehicle status, including timestamps, online (check in at gate, unloading, end of unloading)

Each timeslot booking will cost a fee of EUR 0.50. No further costs will be applicable. At the end of each month, you will receive an invoice from Cargoclix for your bookings placed.

Attached to this email you will find a quick manual explaining how to log in and how to book timeslots, right after your Cargoclix account has been created and confirmed.

If the timeslot booking is handled by your logistic service partners, please feel free to forward this email to them.
